SMART Board® 2000 series
Engaged students learn more

Share all sorts of lesson content from more devices. SMART Board 2000 series is designed for teachers who need more than a basic display. This non-touch display allows students to participate in lessons in ways TVs can’t match.
Give everyone the chance to contribute

Wireless screen-sharing on the SMART Board 2000 series makes it easy for students and teachers to show whatever is on their Android, iOS and Microsoft devices, and laptops to the entire classroom. Even better, lessons and presentations look amazing in crisp, 4K Ultra HD resolution.

KEY FEATURES

- **WIRELESS SCREEN-SHARING** Students and teachers can show whatever is on their Android, iOS and Microsoft devices, and laptops on the display with a few easy taps.

- **SMART LEARNING SUITE INCLUDED** All SMART Boards come with a 1-year subscription to SMART Learning Suite’s interactive lessons, game-based activities, formative assessment, online co-creation and more.

- **MORE STUDENT ENGAGEMENT** Students who are engaged learn more. The 2000 series gives every student a chance to contribute, which builds confidence.

- **EASY TO AFFORD** Sometimes you don’t need an interactive display for your lessons. With the 2000 series, you get wireless screen-sharing and 4K resolution on a 75” display at a great price.
